

**Save-the-Date: February 8, 2019, 9:00 A.M.-12:00 P.M. (ET)**

**CDC Roybal Campus DLA GCC B19**

***CDC Public Health Informatics Fellowship Program Info-Aids Showcase***

The CDC Public Health Informatics Fellowship Program (PHIFP) is excited to announce another TED Talks-style Info-Aids Showcase! Join us as PHIFP fellows—CDC’s data detectives—share their stories about applying their informatics skills and providing short-term technical assistance to help domestic and international agencies meet urgent public health needs. See the list of showcase speakers and presentations below.

**Agile Development and Management—Action on the Opioid Epidemic in West Virginia**

*Faisal Reza, MS, PhD*

*Assigned to: CSELS, Division of Scientific Education and Professional Development, Population Health Workforce Branch*

**“ELEVATE”-ing India’s Data Use at the Local Level to End TB**

*Allison Moffitt, MPH*

*Assigned to: CGH, Division of Global HIV and TB, Global Tuberculosis, Prevention and Control Branch*

**Informatics Aid to the Vaccine Injury Compensation Program—Health Resources and Services Administration**

*Oluwasegun Adegoke (Joel), MS*

*Assigned to: CGH, Global Immunization Division, Strategic Information and Workforce Development Branch*

**Informatics Support for Colorado GAS Outbreak Epidemiological Investigation**

*José Tomás Prieto, PhD*

*Assigned to: CSELS, Division of Scientific Education and Professional Development, Population Health Workforce Branch*
