- Charter
  - **Charter Objective 1:** Increase awareness among acute care facilities (hospitals) about how BioSense data is used.
  - **Charter Year 1 Deliverable 1:** Establish a process to provide outreach to acute care facilities regarding updates, use, onboarding, etc. at a state and/or local level. Report on the use of the decided process(es).
  - **Discussion Topic:**
    - AZ Hospital Syndromic Surveillance website
    - Map of hospitals contributing data
    - Description
      - Syndromic Surveillance
      - How AZ uses the data
      - Collaborations
  - **Charter Objective 2:** Share information on the implementation or use of BioSense, knowledge learned at external meetings, protocols and tools developed.

- o **Charter Year 1 Deliverable 2:** Incorporate sharing of “success stories” and “lessons learned” at the Workgroup meetings and identify opportunities to share with other groups locally and nationally. Report the number of “success stories” or “lessons learned” shared with the group or nationally (through presentations or reports).
- o **Discussion Topic:**
  - Collaborations section on website
  - “Success Stories” with Workgroup Member feedback
- Questions
- Other items
