Subject: CORHA GC HLG Update 12/10/19
Attachments: HLG Suggested Timeline Nov112019.xlsx

Hello CORHA GC,

Time for another update on the HLG! Please see below for individual chapter updates. I have two other updates and requests for the GC:

- The chapter by chapter timeline is drafted, and is attached here. This is the same version emailed on 11/12, but wanted to make sure you all had a chance to see it. **Request to the GC: Can you please give the timeline a quick review and let me know if you have any concerns with the proposed chapter timelines, including if you think any work group or organization will be overburdened?**
- Puja and I continue to work on a plan for the HLG during the in-person meeting. **Request to the GC: Are there any specific things regarding the HLG that you would like to see discussed at the in-person meeting?**

Chapter updates (new updates in blue text, chapter titles abbreviated):

- Chapter 1: Overview - On hold until other chapters completed
- Chapter 2: Fundamental Concepts Surveillance & Outbreaks - Outline and chapter draft completed, in process of review by Dawn and Joe
- Chapter 3: Planning and Preparation - Outline and chapter draft completed, in process of reviewing second draft by primary authors (CDC - Isaac and Kiran, I believe)
- Chapter 4: Detection and Reporting - Outline and chapter draft completed, in process of review by WG-A members, Linda and Mary Alice
- Chapter 5: Investigation and Control - Outline and chapter draft completed, in process of review by primary author (Joe)
- Chapter 6: Laboratory - Outline completed, **chapter in process of being drafted by Lab Workgroup**
- Chapter 7: Multi-Facility/Multi-Jurisdictional - Outline **and chapter draft completed, sent to CDC for review/possible co-author**
- Chapter 8: Legal - Outline completed, **call with Policy WG leads today for planning**
- Chapter 9: Communication/Public Reporting - Outline completed, **call with Policy WG leads today for planning**
- Chapter 10: Performance Indicators - Outline and chapter draft completed, **has been sent to CDC for review**
- Supplement A: Medical Product - Outline completed, author identified (Isaac) and outline sent to CDC
- Supplement B: Infection Control Breach - Outline completed, author identified (CDC) and outline sent to CDC

As always, thank you for your support and help!
Wendy
