- **What is CE?** Continuing Education is required professional development for specific professions to ensure they are trained on the most relevant issues, technology, and evidence-based science. CE is oftentimes required for individuals to maintain their licensure and certifications.
- **Why are we providing CE?** We are providing CE as a benefit for conference attendees to maintain their professional certifications
- **Who is interested in CE?** We are applying to offer CE for the following professions
 - Doctors
 - Nurses
 - Health educators
 - Veterinarians
 - Certified in Public Health
 - General practitioners
- **How much CE will attendees be eligible to claim?** Official approval of CE will not be awarded until late May. Once awarded we will know exactly how much CE will be available and for which sessions. Eligible sessions will be noted in the online agenda.
- **Which sessions will be eligible for CE?** Most workshops, plenaries, and breakouts should be eligible for CE (pending approval)
- **How much does CE cost?** CE is free to all attendees
- **How do participants claim CE?** For those who would like to claim CE, they will need to go to the CDC Training and Education Center Online and select our conference and enter our conference code to provide their information for credit
 - The final details to claim CE will be available on our website, app, and on a handout at the registration desk
