

L2: Signs of Sickness

Circle the signs of a sick animal or person.

Cough	Running around a field or playground	Fever	Runny nose	Happy smile
Eating all their food	Headache	Tired	Clear skin	Diarrhea
Stomachache	Going for a bike ride	Runny nose	Playing games	Skin sores
Going to school	Red or runny eyes	Climbing trees	Not eating	Doing jumping jacks

Circle the Correct Choice

1. Animals can/can't have germs and still look clean and healthy.
2. What do I do when I see a sick animal? Tell/Don't tell your parents and veterinarian.
3. Wash your knees/hands after touching your animal, feeding or watering it, or cleaning its pen.
4. Keep the happy/sick animal away from healthy animals.
5. Change backpacks/clothes and shoes before visiting other animals or going inside.
