

Town Hall Teleconference

Hosted by the Office for State, Tribal, Local and Territorial Support

Join us for the next *Vital Signs* Town Hall Teleconference! CDC's Office for State, Tribal, Local and Territorial Support hosts a monthly teleconference about the topic of the latest CDC *Vital Signs* report. This provides a forum for our nation's health officials to broaden the conversation, build momentum, and carry out evidence-based, effective programs within the public health areas covered by *Vital Signs*.

Stop the Spread of Antibiotic Resistance and *C. difficile* Using a Coordinated Approach for Action

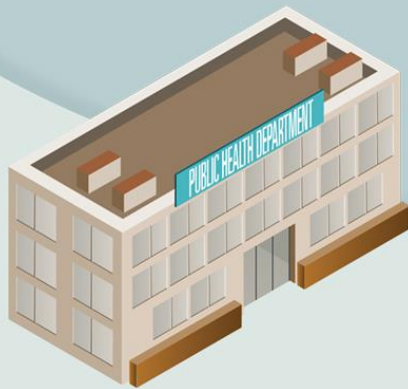

Tuesday, August 11, 2015

2:00–3:00 pm (EDT)

Join the conversation: 800-857-0764

Passcode: 795-4413

Take Steps Now! Public health departments should lead coordination.

- ☒ Identify the health care facilities in the area and how they are connected.
- ☒ Dedicate staff to improve connections and coordination with health care facilities in the area.
- ☒ Work with CDC to use data for action to better prevent infections and improve antibiotic use in health care settings.
- ☒ Know the antibiotic resistance threats in the area and state.
