

Table 4. Number of Work-Related Amputations involving Days away from Work Reported by Private Sector Employers by State and U.S., 2005																
	CA	FL	IA	KY	LA	MA	MI	NJ	NM	NY	OK	OR	TX	WA	WI	US
Amputations involving days away from work	850	350	260	140	50	170	330	120	50	230	160	100	770	150	319	8450
The rates published by the Bureau of Labor Statistics (BLS) are the number of amputation cases per 10,000 FTEs. The rates presented here, which are amputation cases per 100,000 FTEs, were derived by multiplying BLS published rates by 10. These converted rates are not as precise as those that would be calculated from the raw Annual Survey data.																
CT and ME did not report data for this indicator.																
Data source: Bureau of Labor Statistics Annual Survey of Occupational Injuries and Illnesses
