Q: How do I change my user profile on the CSTE Web site?

A: To change your profile on the CSTE Web site, simply login as a member. On the member's only page, click on the "Update User Profile" link and make any changes you would like. You can change your contact information as well as your password if necessary. Follow the prompts to receive your e-mailed confirmation of submission. Your contact information will be automatically updated in the CSTE main database.

Thanks and enjoy the Web site!

New Survey of External Cause of Injury Coding in Statewide Morbidity Data Systems

A CSTE Injury workgroup in collaboration with the American Public Health Association and the State and Territorial Injury Prevention Directors Association is interested in obtaining current information about state-based injury surveillance and external cause of injury coding guidelines and practices, as well as improving the rate and quality of external cause of injury (ECI) coded data. This survey is designed to assess how states are collecting and using the International Classification of Diseases, 9th Revision, Clinical Modification (ICD-9-CM) ECI codes in health care data systems.

This is a follow-up to the ECI Codes Assessment published in 1998 by ICEHS entitled "How States Are Collecting and Using Cause of Injury Data."

(For more on the ECI Codes Assessment go to www.tf.org/tf/injuries/aphabk98.pdf.)

The survey is currently being administered in all states, Washington, D.C. and Puerto Rico. For more information regarding this survey, contact John Abellera at the CSTE National Office at jabellera@cste.org or 770-458-3811.

Give the Gift of Membership

Now is the perfect time to introduce your friends and co-workers to CSTE. Share the benefits of membership by giving a gift membership today! Members receive free newsletters for one year, a discount on annual conference fees and other exclusive member privileges.

Your gift will be delivered with a card and information about CSTE for 2004.

New Member Dues - \$30.00

- First Time Members
- Active
- Associate
