

# 2006 Epidemiology Capacity Assessment Report

State Specific Information for: MT

**What are the funding sources for all epidemiology activities within the STATE HD?**

| Source        | Percent |
|---------------|---------|
| Federal Funds | 95      |
| State Funds   | 5       |
| Other         | 0       |
| Specify other |         |

**How is Epidemiology organized within your STATE HD? 2**

1. Organized as a bureau, division, office, section or unit
2. Individual epidemiologists are located within specific programs
3. A combination of the above choices

**If a combination organization was selected, what is the percentage of epidemiologists within each division?**

- 0 % of epidemiologists located within the epidemiology bureau, division, office, section, or unit
- 0 % of epidemiologists located within specific programs

**What is the extent of the epidemiology and surveillance capacity in the following program areas in your STATE**

| BT/Emergency Response                                                                             | Chronic disease                                                                                   | Environmental health                                                                              | Infectious disease                                                                                     |
|---------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------|
