SUGGESTED RIDES

- Eliza Furnace Trail/Southside Trail Loop**
 Level: Easy Time: 45 - 60 minutes Distance: 5-8 Miles
 Ride along both shores of the Monongahela River by crossing the Hot Metal and Smithfield Street Bridges to complete the loop. Add 6 miles to this ride by traveling east on the Southside Trail from the Hot Metal Bridge.
- Point State Park to Northshore Trail**
 Level: Easy to Moderate Time: 1.5 - 2 Hours Distance: 5-8 Miles
 From Point State Park reach the Northshore Trail by taking the Fort Duquesne Walkway, which parallels the Fort Duquesne Bridge.
- Mount Washington**
 Level: Moderate Time: 1.5 - 2 Hours Distance: 3-5 Miles
 Experience breathtaking city views from Mt. Washington by taking your bicycle on the Monongahela or Duquesne Inclines. The inclines are connected by Grandview Avenue (at the top) and the Southside Trail (at the bottom). If you choose to ride your bike instead of riding the incline, take McArdle Roadway.
- Downtown to Strip District**
 Level: Easy Time: 1.5 - 2 Hours Distance: 4 Miles
 The Allegheny South Trail (accessed from Point State Park) parallels the Allegheny River and downtown Pittsburgh's cultural district. If riding east, the trail ends at the Strip District. Remember to obey traffic laws and be aware when riding on the street!
- Downtown to Oakland**
 Level: Moderate to Difficult Time: 1 - 2 Hours Distance: 5-7 Miles
 Ride east on the Eliza Furnace Trail past the Hot Metal Bridge. At the parking lot follow signs to the Panther Hollow Trail (fyi...this trail is uphill) to get to Oakland.
